

Product recall "Tourtec handlebar risers

Wiehl the 27.01.2023

Dear Motea customer,

Within the scope of our continuous product monitoring and quality control, serious indications have arisen in individual cases that the handlebar riser with article no.: A220085 represents a safety risk. In individual cases, the **material has broken**. This can lead to a loss of control and consequently to an accident.

Motea GmbH places the highest value on the quality and safety of its products. **Therefore, as a precaution, Motea GmbH hereby recalls the affected handlebar risers against reimbursement of the full purchase price.**

You can use the free returns label that you can create at <http://retoure.motea.com> for the return.

In your own interest, please stop using your motorbike while the handlebar riser is fitted. This also applies if you cannot detect any abnormalities in the handlebar riser.

We thank you in advance for your active participation, understanding and trust and apologise for any inconvenience caused.
