

Product recall "V-Trec brake lever KTM Duke

Wiehl the 05.08.2022

Dear Motea customer,

Within the scope of our continuous product monitoring and quality control, in individual cases serious indications have arisen that the brake lever with the installed **adapter: 183224** with the **batch date 08.08.21** represents a **safety risk**. In individual cases, the **front tyre was blocked due to insufficient brake clearance**. This can lead to a **loss of control** and consequently to an **accident**.

Motea GmbH places the highest value on the quality and safety of its products. **Therefore, Motea GmbH hereby recalls the affected brake levers as a precautionary measure against reimbursement of the full purchase price.**

You can use the free returns label that you can create at <https://retoure.motea.com> for the return.

In your own interest, please stop using your motorbike while the brake lever is fitted. This also applies if you cannot detect any abnormalities in the brake lever.

We thank you in advance for your active participation, understanding and trust and apologise for any inconvenience caused.
